

# EPA BOOT CAMP

---

Register for RCS's EPA Boot Camp where our experts provide an overview of the EPA's pesticide registration process

- Learn the basics of pesticide registration in a group setting
- Hear from industry experts with over 25 years of experience in pesticide regulation
- We'll review the basics of how to register your pesticide product or active ingredient
- Data citation and the rules governing data compensation
- Review the fundamentals for how to maintain your product following approval
- What is PRIA and how does it impact your application?
- In person conference or teleconference

Boot Camp Registration Fee: \$800/person
